

Item 1. Introduction

Eldred Rock Partners, LLC is registered with the Securities and Exchange Commission (SEC) as an investment adviser. Brokerage and investment advisory services and fees differ, and it is important for you to understand these differences. Free and simple tools are available to research firms and financial professionals at Investor.gov/CRS, which also provides educational materials about broker-dealers, investment adviser, and investing.

Item 2. Relationships and Services

What investment services and advice can you provide me?

We offer discretionary investment management services to retail investors with separately managed accounts. The investment portfolios are managed consistent with our investment philosophy, process, and strategy. Portfolios are not specifically tailored for the retail investors. However, retail investors may to impose reasonable restrictions on the management of their holdings. Reasonable restrictions, including special instructions and limitations, regarding the investment management of the account must be provided in writing.

Discretionary. Providing discretionary services means, we will determine the following without consulting you, in advance: the securities to be bought or sold; the amount of securities to be bought or sold; the broker or dealer to be used for a purchase or sale of securities; and the commission rates to be paid to a broker or dealer for your securities transactions.

Monitoring. Separately managed accounts are reviewed frequently to evaluate and assess, among other things, investment performance and sensitivity to market changes. Attribution reports are reviewed monthly. Formal reviews are conducted on a quarterly basis.

Limited Investment Offerings. Eldred Rock offers investment management services pursuant to three public equity strategies (U.S. Value, International Value, and the Eldred Rock Beacon Fund).

Account Minimums and Other Requirements. We have a preferred minimum account size of \$5,000,000 which, at the firm's discretion, may be reached by aggregating accounts. There may be occasions when Eldred Rock accepts smaller accounts, which is determined on a case-by-case basis.

Additional information. Please see Form ADV, Part 2A brochure (Items 4 and 7 of Part 2A) which can be found at <https://adviserinfo.sec.gov/firm/summary/316401> and clicking on Part 2 Brochures.

Conversation Starters. Ask your financial professional—

- **Given my financial situation, should I choose an investment advisory service? Why or why not?**
- **How will you choose investments to recommend to me?**
- **What is your relevant experience, including your licenses, education, and other qualifications? What do these qualifications mean?**

Item 3. Fees, Costs, Conflicts, and Standard of Conduct

What fees will I pay?

For our discretionary investment management services to retail investors, we will receive an asset-based fee that is comprised of an annual percentage of the asset value of each client account as of the applicable date of determination. Generally, these fees are charged quarterly in arrears. With this fee structure, the more assets there are in your account, the more you will pay in fees, and Eldred Rock may therefore have an incentive to encourage you to increase the assets in your account.

Services are also offered on a fixed fee basis to retail investors.

In addition to asset-based fees, clients will also incur certain charges imposed by third parties (custodians, broker-dealers, platforms, and others) regarding investments made in the account(s). These commissions, fees and charges may include but not limited to the following: brokerage commissions; transaction, exchange, trade away and clearing fees; account, wire, and electronic fund transfer fees; margin interest; custodial fees; administration and termination fees; and product related costs and expenses (money market funds, mutual funds and exchange traded funds). Eldred Rock does not receive any portion of these commissions, fees, and charges.

Additional Information. You will pay fees and costs whether you make or lose money on your investments. Fees and costs will reduce any amount of money you make on your investments over time. Please make sure you understand what fees and costs you are paying. Please see Form ADV, Part 2A brochure (Items 5.A., B., C., and D of Part 2A) which can be found at <https://adviserinfo.sec.gov/firm/summary/316401> and clicking on Part 2 Brochures.

Conversation Starter. Ask your financial professional—

- **Help me understand how these fees and costs might affect my investments. If I give you \$10,000 to invest, how much will go to fees and costs, and how much will be invested for me?**

What are your legal obligations to me when acting as my investment adviser? How else does your firm make money and what conflicts of interest do you have?

When we act as your investment adviser, we have to act in your best interest and not put our interest ahead of yours. At the same time, the way we make money creates some conflicts with your interests. You should understand and ask us about these conflicts because they can affect the investment advice, we provide you. Here are some examples to help you understand what this means.

We generally recommend that our clients use third parties registered as broker-dealers, members FINRA/SIPC, as the qualified custodians (“custodians”). We receive products and services from these custodians based upon the assets under management maintained by Eldred Rock. We receive access to more and better products and services from these custodians as the assets held by them increase. This is a conflict of interest because we have an incentive to encourage you to custody your assets with these custodians.

Conversation Starter. Ask your financial professional—

- **How might your conflicts of interest affect me, and how will you address them?**

Additional information. Please see Form ADV, Part 2A brochure which can be found at <https://adviserinfo.sec.gov/firm/summary/316401> and clicking on Part 2 Brochures.

How do your financial professionals make money?

Our financial professionals earn both a salary and a share of firm profits. As our retail investor clients are generally charged an asset-based fee, the more assets there are in your account, the more you will pay in fees, and Eldred Rock financial professionals may therefore have an incentive to encourage you to increase the assets in your account and increase the profitability of the firm.
